WAX PULL UP

Discover the 'Wax Pull Up' collection from The Chesterfield Brand – a true homage to craftsmanship and heritage. It is our most used leather type, and for good reason. Crafted with meticulous attention, each piece begins its journey with a careful pressing process. The leather is then enriched by hand with aniline dyes, deeply infused with natural oils and waxes instead of conventional paints and pigments. This unique treatment allows the dyes to penetrate the pores of the leather, enhancing its natural texture and gradually developing a distinctive vintage patina. Each piece in the 'Wax Pull Up' collection showcases leather that is treated solely with waxes, avoiding any spray-on colors. This not only ensures an exceptionally durable product but also allows the leather to retain its rich color and superior quality over time. Our commitment to this process guarantees that each item remains as unique and supple as it is long-lasting. Discover the 'Wax Pull Up' collection – a true testament to The Chesterfield Brand's dedication to excellence.
